

HOWTO Submit Videos to YouTube

1. Log in

If the user has a GMAIL account or a Google account, he/she can sign in.

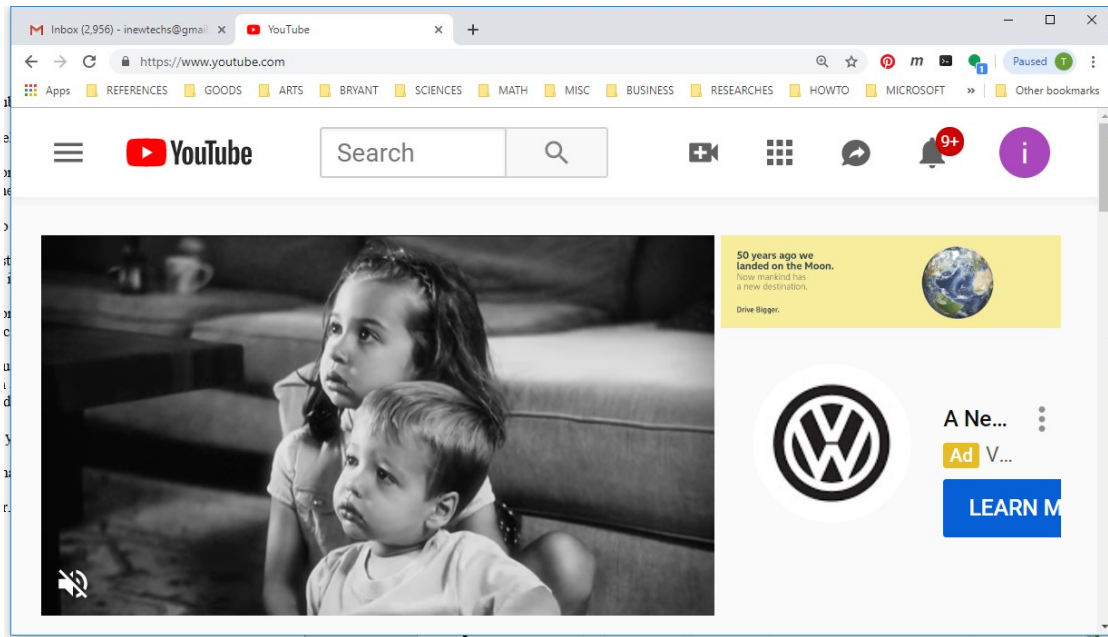

Otherwise, he/she can sign up a Google account at this link:

<https://accounts.google.com/signup/v2/webcreateaccount?flowName=GlifWebSignIn&flowEntry=SignUp>

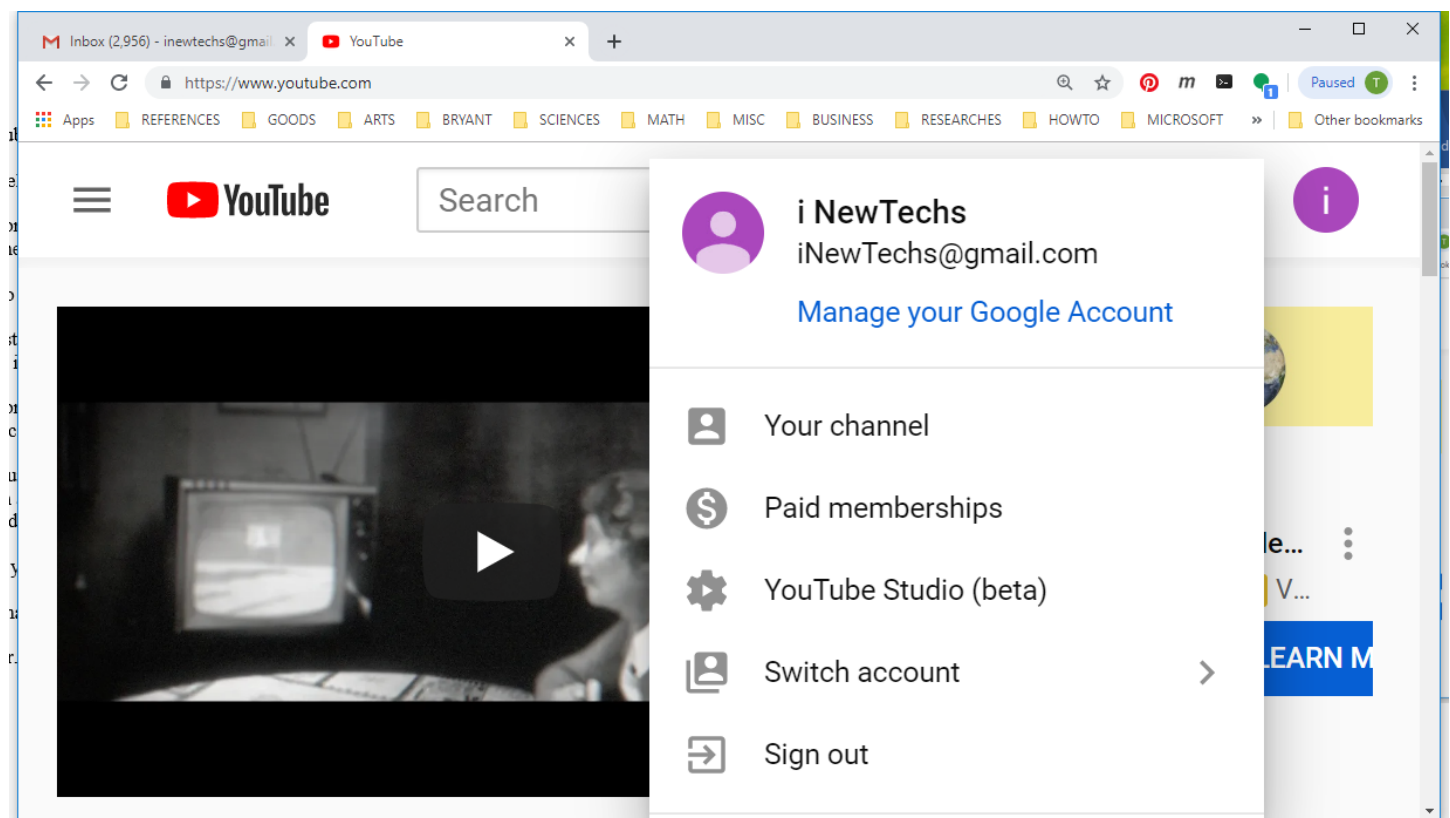

A screenshot of the Google Account creation page. The browser's address bar shows 'https://accounts.google.com/signup/v2/webcreateaccount?flowName=GlifWebSignIn&flowEntry=SignUp'. The page has the Google logo and the title 'Create your Google Account'. It contains several input fields: 'First name', 'Last name', 'Username' (with '@gmail.com' as a placeholder), 'Password', and 'Confirm'. There is a link 'Use my current email address instead' and a note about password requirements: 'Use 8 or more characters with a mix of letters, numbers & symbols'. A 'Next' button is at the bottom right. On the right side, there is an illustration of a person icon with various Google service icons (Gmail, Maps, etc.) and the text 'One account. All of Google working for you.'

2. Upload Videos

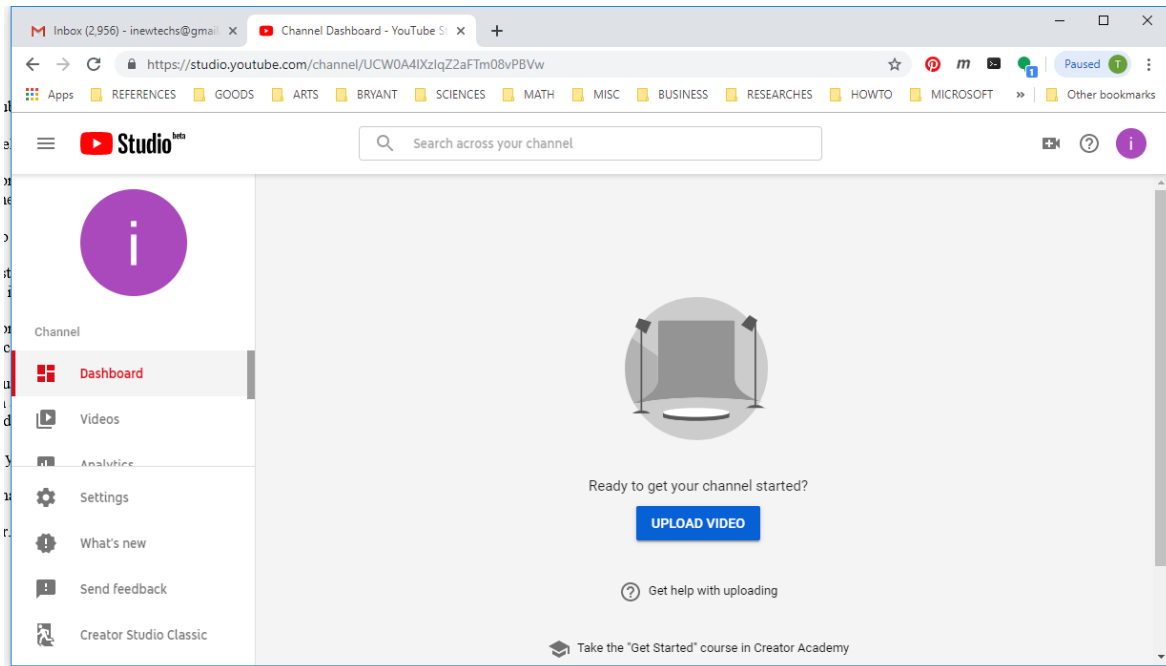

Access youtube.com and log in.

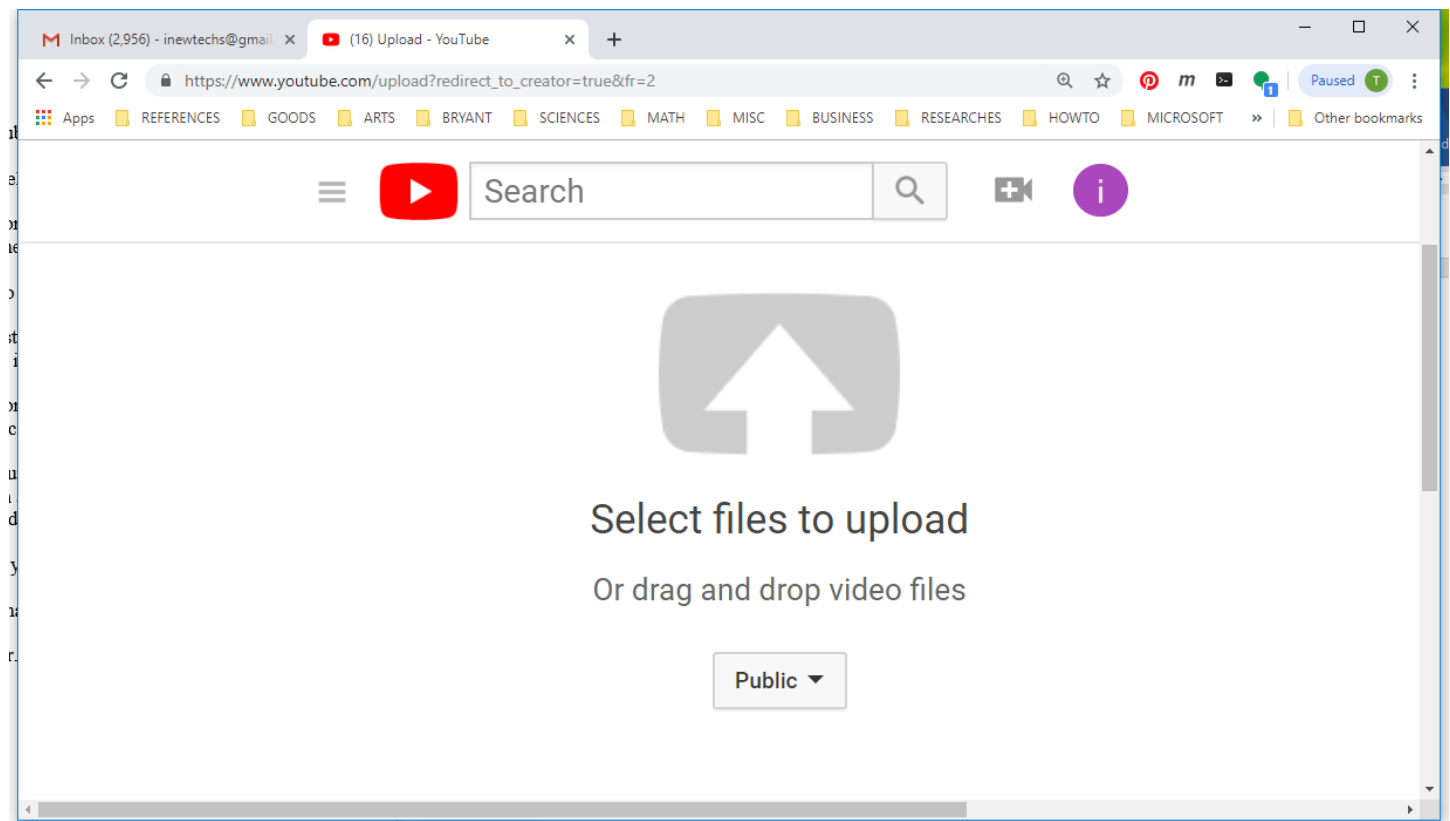

Click on the user icon on the top right corner to show the dropdown menu.

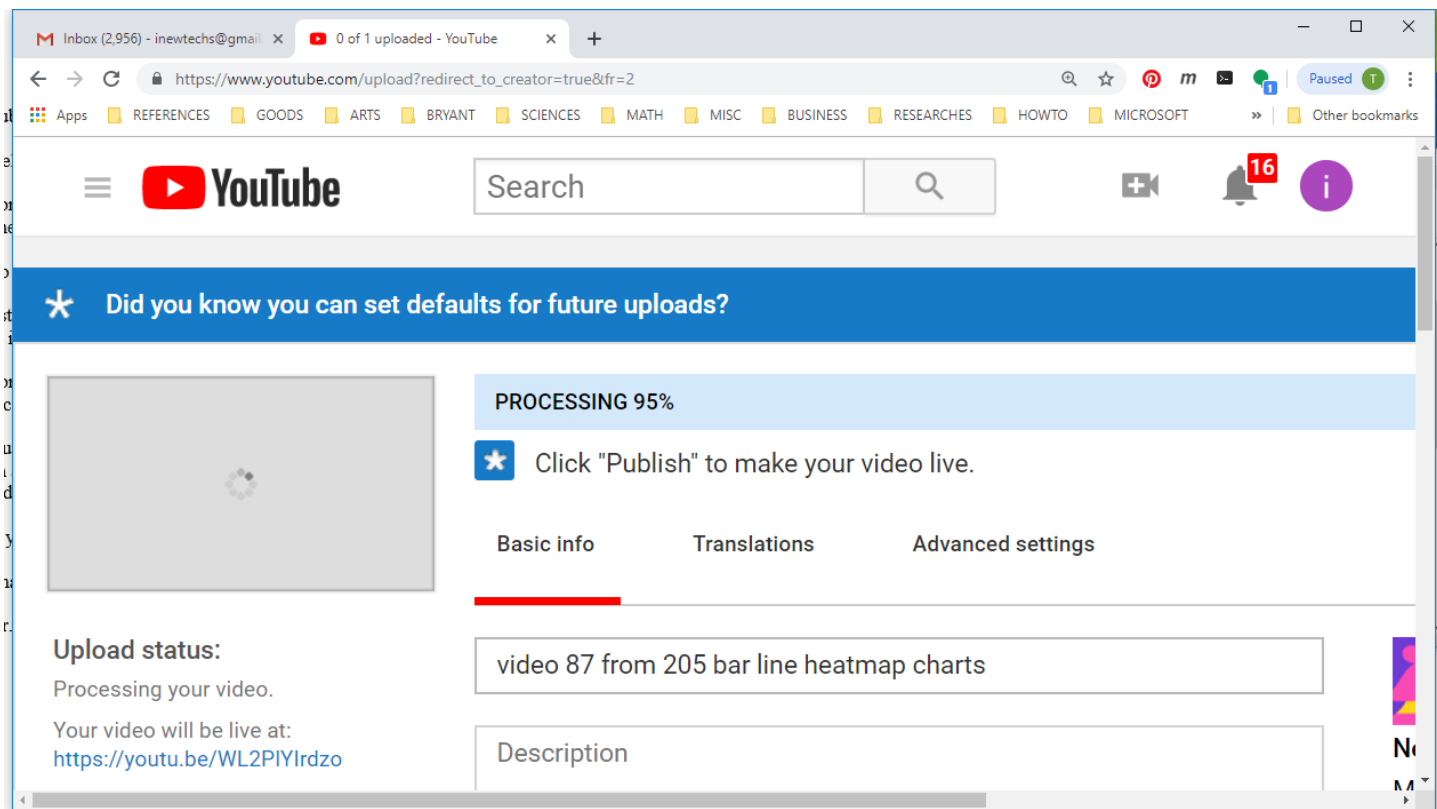

Click YouTube Studio (beta)

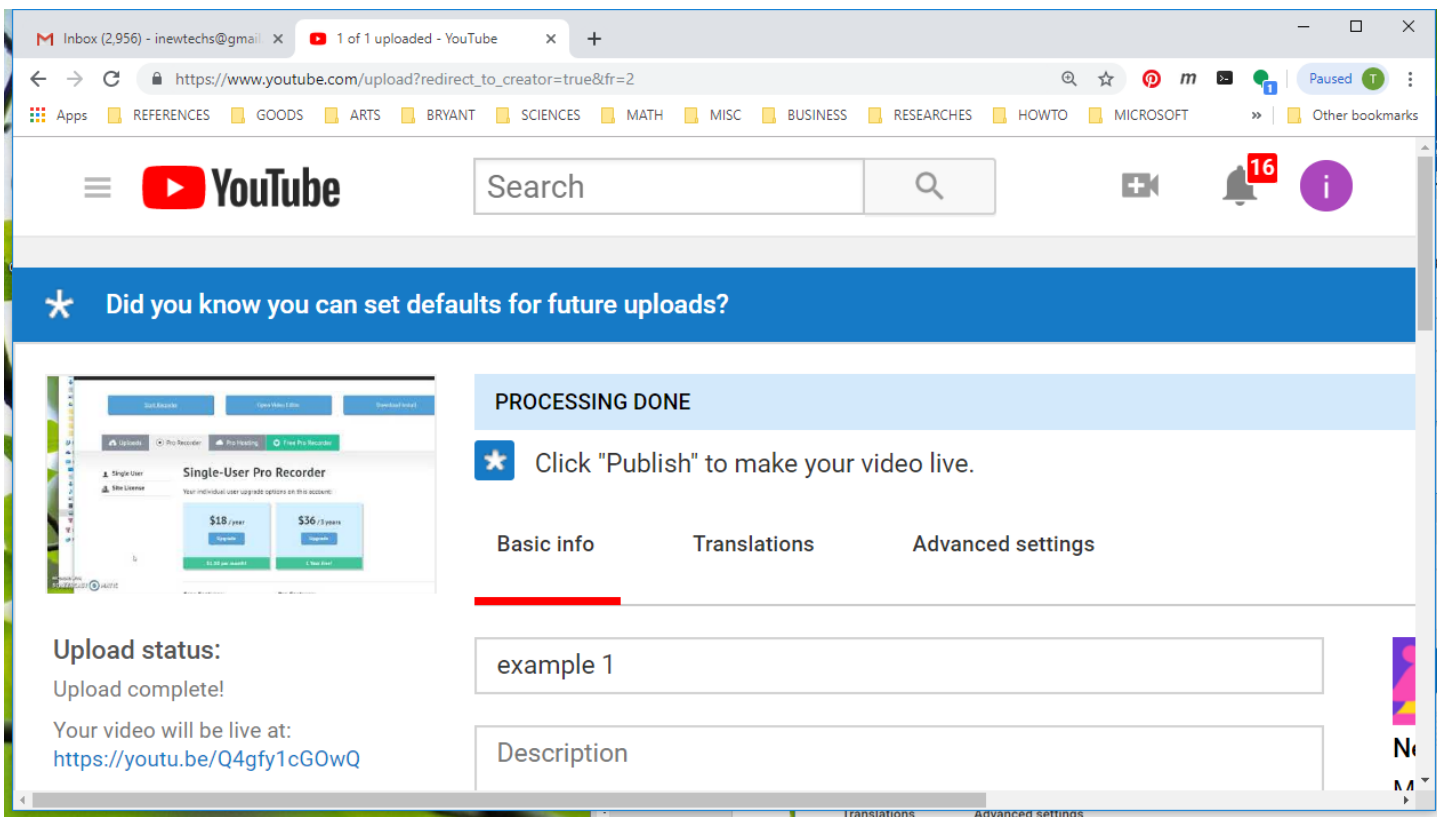

Click UPLOAD VIDEO

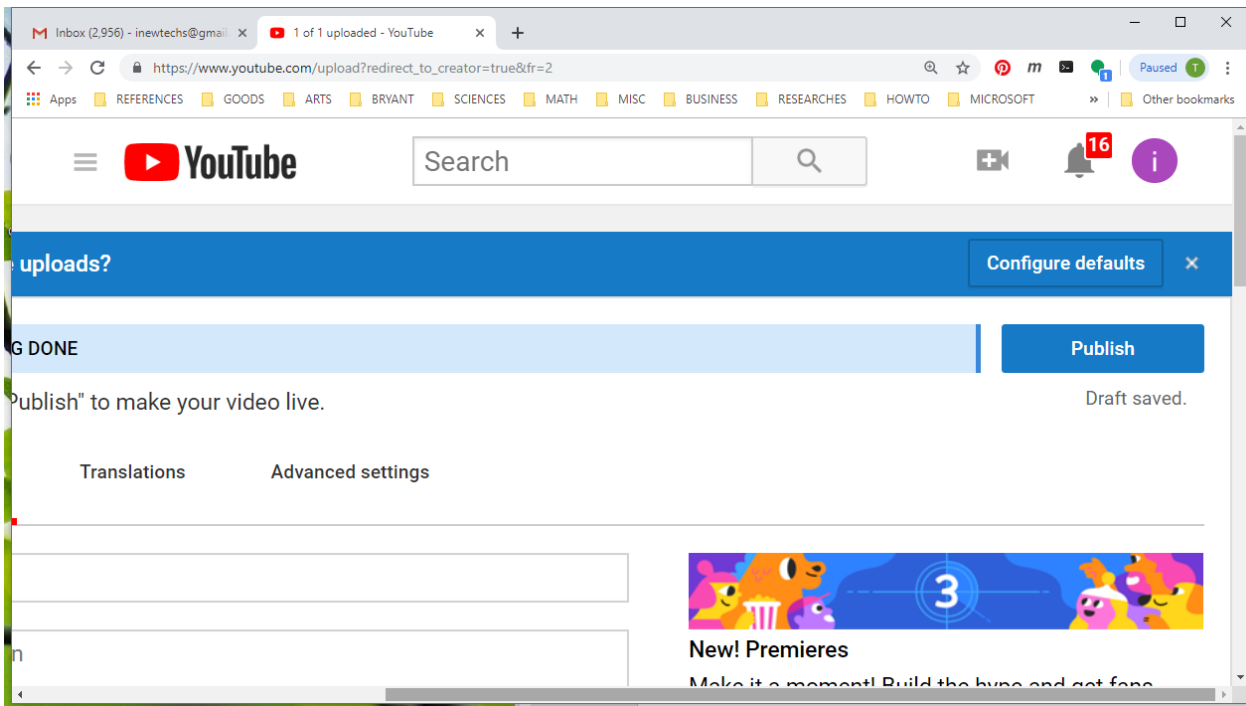

Click the arrow to select video files to upload (keep all others as default)

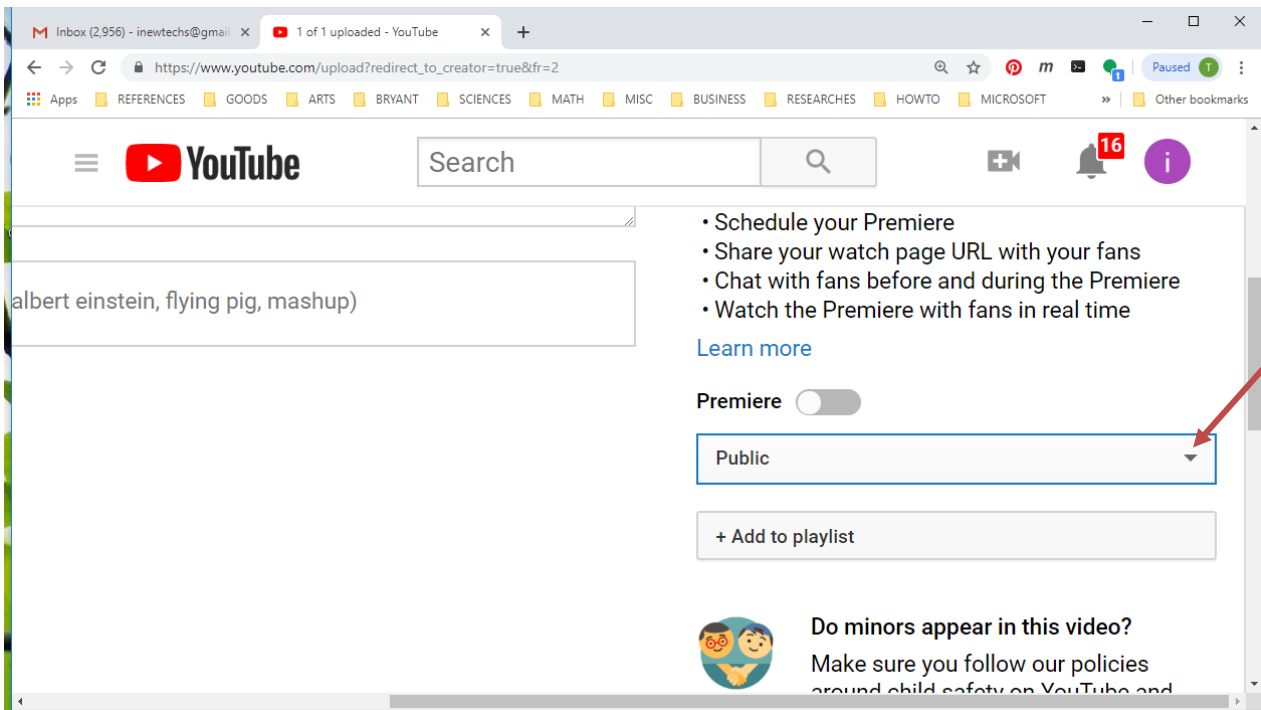

WAIT until the uploading is completed

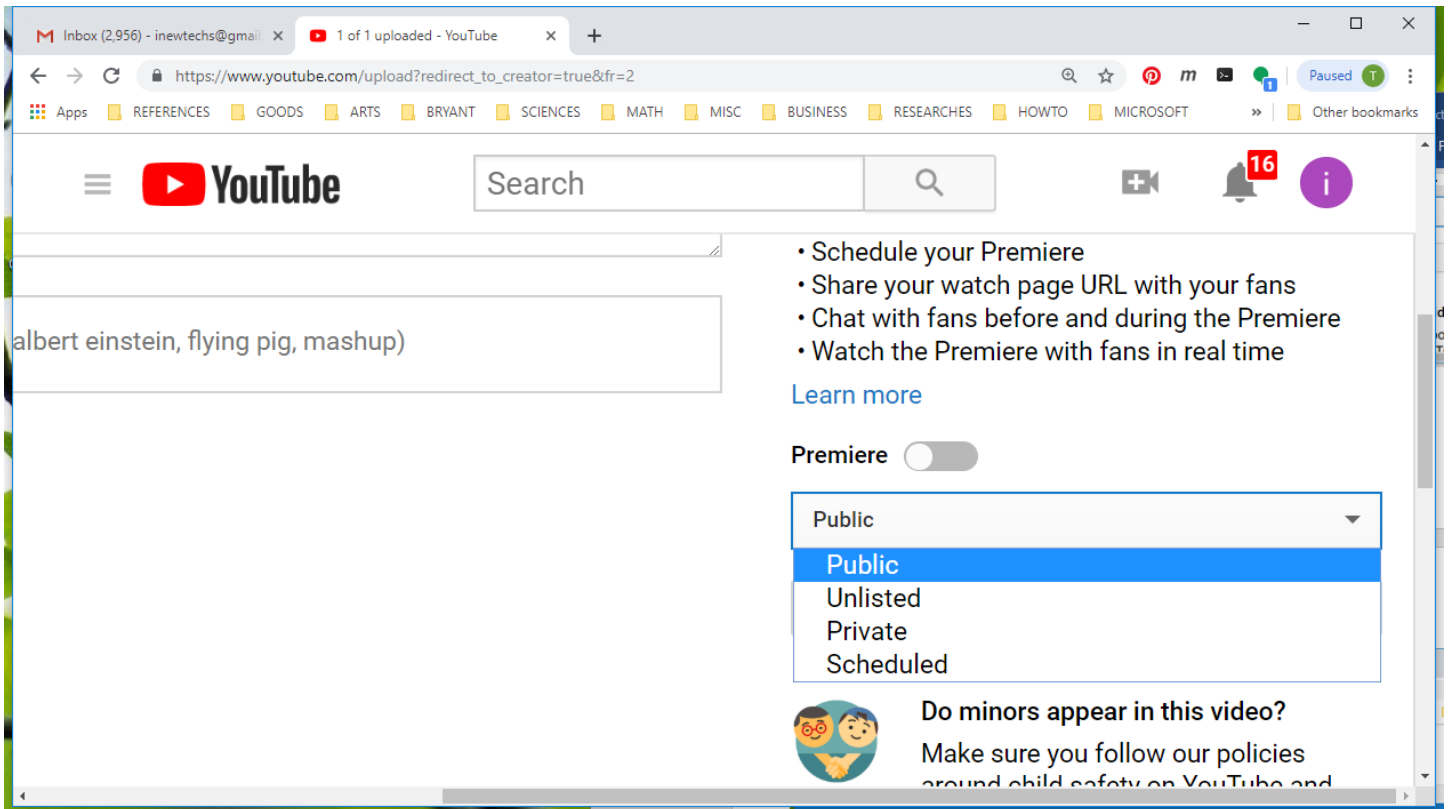

Before clicking on “Publish” button to publish the video (make it live), it is necessary to set HOW THE VIDEO CAN BE WATCHED.

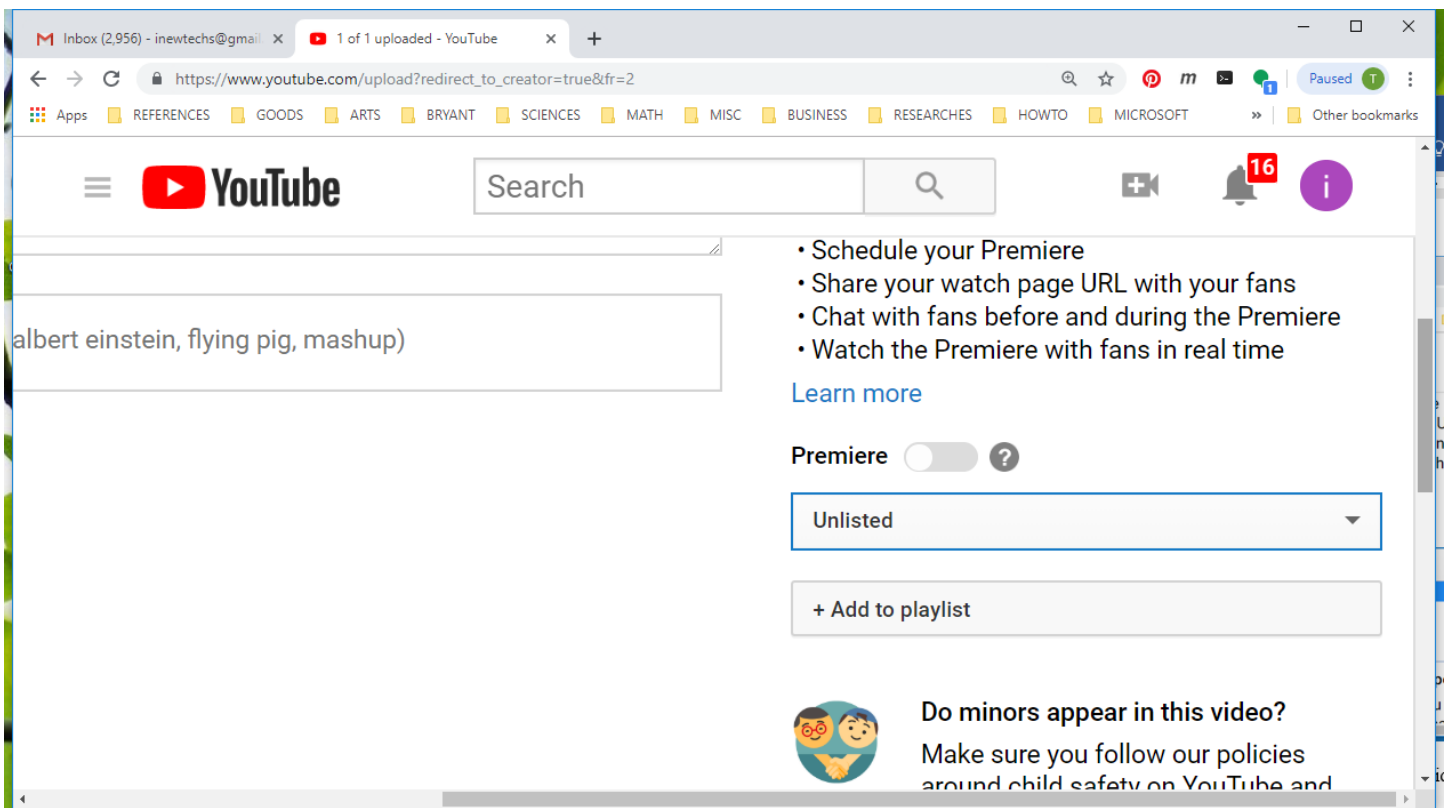

Scroll down to see this and click on the arrow to show the dropdown menu.

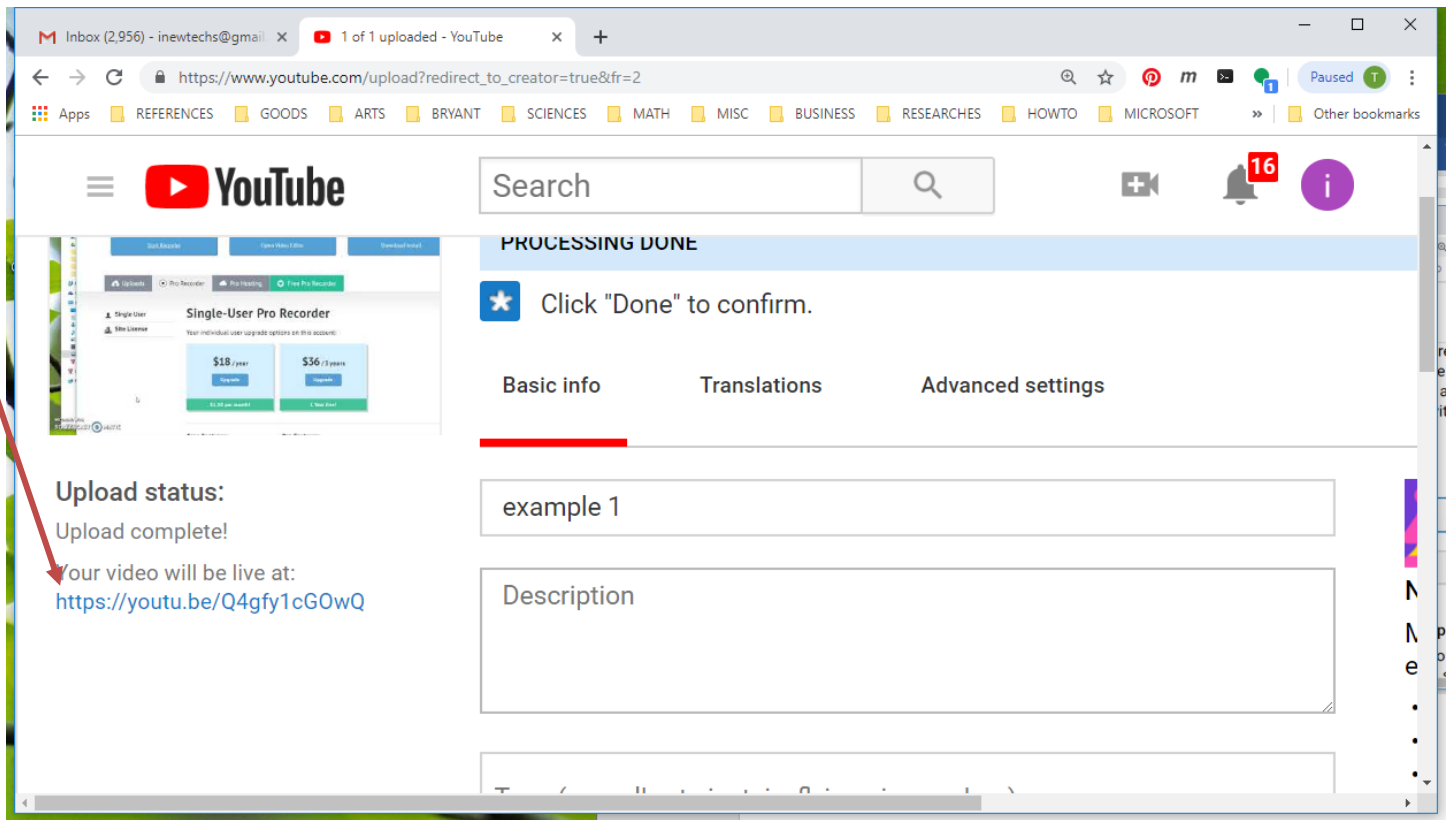

The user should set it as “**Public**” or “**Unlisted**” so that other users can watch the videos if **getting the link**.

The user can add a description of the video contents.

The user should take notes of this link that can be announced so that other users can watch the videos.

NOW, THE USER CAN CLICK ON “Publish” or “DONE” to publish the video.

IMPORTANT NOTES:

BE CAREFUL! DON'T FORGET TO PUBLISH THE VIDEO.
